West London Orbital

Listening to your views, and more updates

The Lib Dems are making sure that your voices are heard.

Lib Dem Opposition Transport Spokesperson Councillor Gary Busuttil, along with local Councillor Gary Malcolm and Lib Dem London Assembly member Hina Bokhari, attended the TfL information session about the proposed West London Orbital in ActOne Cinema in late October.

We have been reflecting your views to TfL management from your feedback given in the Lib Dem questionnaire: local people generally like the idea that the proposed new Overground line can boost connectivity in West London neighbourhoods along with Central and Elizabeth Lines.

Local people also raised significant concerns about the potential effects of the permanent closure of Bollo Lane traffic crossings - a key link between Acton and Chiswick and the increased traffic pressures on Acton High Street.

The Lib Dems are demanding the London Mayor to commission a traffic and equality assessment so the impact on daily lives will be thoroughly considered, before using that evidence in the decision-making.

You can still give us your views on the West London Orbital

Please continue to tell us your views via the Lib Dem-commissioned questionnaire.

Your views are important because they help shape the Lib Dem policy on this matter.

Your Lib Dem Councillors, along with the Lib Dem London Assembly members on City Hall, will be using your views to ask questions to the Mayor of London.

Councillor Gary Malcolm presses Ealing police chief on local crime issues

Local Councillor Gary Malcolm has met with the Ealing police Superintendent to discuss your crime concerns.

Locally, **Gary** has raised concerns about crime and anti-social behaviour on Acton Vale, Acton Park, and Southfield Rec.

Your Lib Dem Councillors have repeatedly demanded more patrolling and enforcement to deter drug dealing, and make use of bikes during patrols to cover more ground.

The Police have told your Lib Dem Councillors it is important to report crimes when you witness one so the police can accurately deploy more resources to the ward.

YOUR SAFETY FIRST: Local Lib Dem Councillors are proactive in improving your safety.

ACCESSIBILITY MATTERS: Lib Dem Councillors strongly believe that pedestrian pavements should be barrier-free for all.

E-Bike enforcement: Lib Dems make significant progress

Lib Dem Transport Spokesperson Councillor Gary Busuttil tabled an amendment at October's Full Council to give the Council stronger powers to seize rogue e-bikes, and give residents more say over the size and location of parking bays.

Councillor Gary Busuttil recognises that inappropriately parked e-bikes causes significant issues for elderly people, parents of young children, and people with disabilities.

Labour formally changed their previous position and now officially recognises that the situation must change, but your Lib Dem Councillors will be pushing for more action and are campaigning for the Council to make e-bike companies remove these bikes from dangerous locations after 30 minutes.
